DECISION ON PETITION TO :  
MAKE SPECIAL

This is a decision on the petition filed July 12, 2004 under Manual of Patent Examination Procedure §708.02, VIII requesting accelerated examination.

The petition under Manual of Patent Examination Procedure §708.02, VIII, must:

- (1) be filed prior to receiving any examination by the examiner,
- (2) be accompanied by the required fee- \$130,
- (3) the claims should be directed to a single invention (if it is determined that the claims pertain to more than one invention, then applicant will have to make an election without traverse or forfeit accelerated examination status),
- (4) state that a pre-examination search was made, and fully discuss the search method employed, such as classes and subclasses searched, publications, Chemical abstracts, patents, etc. A search made by a foreign patent office satisfies this requirement,
- (5) be accompanied by a copy of each of the references most closely related to the subject matter encompassed by the claims if said references are not already of record,
- (6) fully discuss the references, pointing out with the particularity required by 37 C.F.R. §1.111 (b) and (c), how the claimed subject matter is patentable over the references.

The petition does not fulfill the requirement in item (3), (5) and (6) above.

For the above stated reasons, the petition is **DENIED**.

Should applicant desire reconsideration, he/she should supplement this petition by a declaration or statement under oath giving the information as outlined above. No further petition fee is required.

Any request for reconsideration must be filed within **TWO MONTHS** of the date of this decision.
